CONSTRUCTION

- Biden is creating hundreds of thousands of jobs with IBEW written all over them
- The Bipartisan Infrastructure Law, Inflation Reduction Act, and CHIPS and Science Act include labor standards that *truly* encourage union labor
- For the first time ever, there are labor standards on federal dollars!
- When contractors choose unions, they get billions of dollars in tax credits...which means IBEW work for *decades*
- Billions of dollars for what we do: grid resiliency, energy infrastructure, EV charging—*all with prevailing wage!*
- IBEW helped write these laws...which means union labor was at the table during every step
- These laws prove that Biden wants labor unions building our future!
