# BIDEN'S ACCOMPLISHMENTS FOR IBEW MEMBERS

## UTILITY

- Biden is creating hundreds of thousands of jobs with IBEW written all over them
- The Bipartisan Infrastructure Law, Inflation Reduction Act, and CHIPS and Science Act are the biggest infrastructure investments in *history*
- These laws mean *trillions* of dollars for the utility sector...with labor standards that *truly* encourage union labor
- The Inflation Reduction Act offers billions of dollars in tax credits for using union labor: keeping nuclear plants online, building hydrogen hubs in the heartland, and helping rural communities modernize
- Billions of dollars for IBEW work: wind, solar, transmission lines, grid modernization
- IBEW helped write these game-changing laws...they prove Biden sees unions as the face of the new energy era!
