

# VALUE OF A PARTNERSHIP with **IBEW**

The **Infrastructure Investment and Jobs Act** (“the Bipartisan Infrastructure Law”), the **Inflation Reduction Act** (“IRA”), and the **CHIPS and Science Act** (“CHIPS Act”) are federal assistance programs that are spurring the growth of IBEW’s industries. Taking advantage of these programs is good for the industry, good for the community, and good for your bottom line.

**These assistance programs include strict requirements for workforce training, the payment of prevailing wage, equity and inclusion, and community benefits.**

These requirements must be carefully followed to secure and maintain federal assistance under these laws and avoid costly compliance issues.

**A partnership with the IBEW gives applicants a competitive advantage when applying for these programs and can help applicants with:**

Prevailing Wage Requirements

Community Benefits Plan Development

Registered Apprenticeship Requirements

Timely Completion of the Project

Workforce Development Efforts (Journey Level Workers and Apprentices)

Project Advocacy (Letters of Support, Siting/Permitting, Stakeholder & Community Engagement)
