

# TAMMY BALDWIN'S ACCOMPLISHMENTS FOR **IBEW MEMBERS**

## UTILITY

- »»» Baldwin is creating hundreds of thousands of jobs with IBEW written all over them
- »»» The Bipartisan Infrastructure Law, Inflation Reduction Act, and CHIPS and Science Act are the biggest infrastructure investments in *history*
- »»» These laws mean *trillions* of dollars for the utility sector...with labor standards that *truly* encourage union labor
- »»» The Inflation Reduction Act offers billions of dollars in tax credits for using union labor: keeping nuclear plants online, building hydrogen hubs in the heartland, and helping rural communities modernize
- »»» Billions of dollars for IBEW work: wind, solar, transmission lines, grid modernization
- »»» IBEW helped write these game-changing laws...they prove Baldwin sees unions as the face of the new energy era!
