Call Campaign: Tell Congress to Support the Bipartisan American Affordability and Jobs Act

The IBEW is calling on all members to contact their U.S. Representative to urge them to support the **Bipartisan American Affordability and Jobs Act (BAAJA)**.

The IBEW supports this bipartisan legislation because it will:

- **Create and protect IBEW jobs** by reducing the permitting delays that stall projects and cost our members work opportunities
- **Build critical energy infrastructure** by speeding up the construction of transmission lines and new energy generation
- **Lower costs for working families** by addressing the project delays that lead to higher energy costs
- **Secure America's energy future** by supporting the skilled workers who build, operate, and maintain the electrical grid

SENATE VOTE UPDATE: On Thursday, November 19, the U.S. Senate passed BAAJA by a bipartisan vote of 62–33, marking a major step forward for the legislation. The bill must now be passed by the U.S. House of Representatives before it can become law.

NEXT STEP: CONTACT YOUR U.S. REPRESENTATIVE

With BAAJA now passed by the Senate, IBEW members should focus their efforts on contacting their U.S. Representatives to urge them to support BAAJA and vote YES when it comes before the House.

No House vote has been scheduled yet, but members are encouraged to contact their Representatives now.
